THE OUTREACH

ISSUE NO. **4**

APRIL 2026

It gives me immense pleasure to present the fourth issue of *The Outreach*, our library newsletter that reflects the spirit of learning, creativity, and professional growth at Chandigarh College of Hospitality.

In the field of hospitality, knowledge is not confined to textbooks—it is enriched through experiences, trends, and continuous learning. The library serves as a vital resource hub where students can explore industry insights, global best practices, and emerging trends in hospitality, tourism, and management. It plays a significant role in shaping well-informed, skilled, and adaptable professionals ready to meet the dynamic demands of the industry.

This issue of *The Outreach* brings together valuable resources, informative articles, and engaging content designed to support both academic excellence and practical understanding. I encourage all students to actively utilize the library's diverse collection—ranging from books and journals to digital resources—and make reading a consistent part of their professional development.

I appreciate the dedicated efforts of the library team in curating this newsletter and fostering a culture of knowledge sharing. I also invite students and faculty members to contribute their ideas and experiences to make *The Outreach* more interactive and enriching.

Wishing you all an insightful read and continued success in your academic and professional journey.

MESSAGE

It is a pleasure to present the fourth issue of *The Outreach*, the library newsletter of Chandigarh College of Hospitality. This initiative reflects our ongoing commitment to supporting academic excellence and fostering a culture of continuous learning within the institution.

In the hospitality industry, staying informed about global trends, customer expectations, and service innovations is essential. The library plays a crucial role in this journey by providing access to a wide range of resources, including books, journals, industry reports, and digital content focused on hospitality, tourism, and management. Our aim is to equip students with the knowledge and insights required to excel in a highly dynamic and service-oriented profession.

This issue brings together curated content to enhance both theoretical understanding and practical awareness. I encourage students to make full use of the library's resources, develop strong reading and research habits, and explore beyond the classroom to gain a broader perspective of the industry.

I sincerely appreciate the efforts of the library team in bringing out this issue and contributing to the academic environment of the college. I also welcome suggestions and contributions from students and faculty to make *The Outreach* more engaging and resourceful.
